

UV EPROM ERASER

AT SERIES

- **AT-401**
Digital Timer
- **AT-201**
Mechanical Timer

AT-401 UV eraser has a high capacity for up to 38 EPROMs. Expose time is controlled by a digital timer with five minute resolution of twelfth LED indicators. The UV tube will be automatically switched off and the buzzer will sound when the time is up or the drawer is opened during exposing.

AT-201 can erase up to 24 EPROMs at a time. The expose time can set from 1 to 60 minutes. The UV tube will be automatically cut off when the time is up or the drawer is opened during exposing.
